## TRADITIONAL FOLK HOUSING & RURAL LANDSCAPE PATTERNS

Instructions: Discover traditional Folk housing using Google Earth Voyager. Scan the QR code at right and choose Four different countries From Four different regions. Next, complete the three required tasks in the space provided. You can write directly over the grayed instructions.

### COUNTRY #1:

Identify the traditional housing type that you observe

- Unchanged Traditional
- Modified Traditional
- Modernized Traditional

With the aerial view that Google Earth provides, identify the rural landscape pattern that you observe

- Nucleated, Dispersed, or Isolated?
  
- Walled, Linear, Circular, Grid, Formless Cluster?

Read the descriptions while observing the housing.  
Discuss how unique geographic site factors contribute to the traditional housing style of that place.

### COUNTRY #2:
